Data Sheet: Heavy Duty Glass Cleaner

Available:

Product Application:

This versatile, extra strength product is the ONE product for even the toughest glass cleaning applications. Windows, glass, windshields, mirrors, displays, counters and more are easily cleaned of dirt, grease, oil, smudges, finger prints, lipstick, and other stubborn deposits. The nonammoniated formula even removes paint overspray, nicotine film and insects when used on vehicles and is even safe on window/windshield tinting film. The advanced chemistry provides professional quality cleaning without streaking, smearing, hazing or leaving behind any residue or film. The special formulation is pleasantly fragrant and has a stable foam consistency that breaks quickly and easily when wiped. There is no "pushing around excess foam" yet the optimum economic yield is achieved. Use this product in Commercial and Institutional Cleaning, Automotive/Fleet/Marine/Aircraft/RV Maintenance and Detailing, Glass and Glass Product Manufacturing, Window/Windshield Tinting and Installation/Repair, and other applications where "Professional" performance and quality are required. It is safe to use on most other hard surfaces and materials.
